### TRAINING & PROJECTS

#### Shekhawat Digital studio

[Aug, 2025]

Individual Project

- Designed and developed a fully responsive photography portfolio website using HTML, CSS, and JavaScript.
- Focused on UI/UX principles to deliver a clean layout and smooth user experience.
- Showcased branding and creative design skills through custom visuals and interactive features.

#### Spotify Clone

[Sep, 2024]

Individual Project

- Built a Spotify-inspired music player interface using HTML, CSS, and JavaScript.
- Implemented playlist, play/pause, and track navigation features for interactive functionality.
- Designed a responsive layout that adapts seamlessly across desktop and mobile devices.

#### Password Manager

[Aug, 2024]

Individual Project

- Developed a **React-based password manager** with secure storage and easy retrieval of user credentials.
- Added form validation, state management, smooth user interactions.
